Dear Roscoe,

I come home from Staunton to-day was a way several days. Had my eyes examined, the Dr. found one, my right eye, in a bad fix. I can not see much with it, & I was so surprised that I've been much depreped since, no remedy for it. He thinks it has been that way for some time, it does not pain me & gives me no inconviencence but I can't help thinking about it, the other one is all right & when I get the proper glasses I'll be better off than I've been for some time (he says) & I hope so too.

I'll send you a ck for
#40, now my son my money
is done & I have to borrow.
after this I say this that - you
may be on your guard about
expenses I have not time
to write more.

Let us hear from you
It would be nice for you
to stop at Covington I
heard that there was Saml
Pox. there,

Love close your father
