

Wednesday - 17<sup>th</sup>

Dear Lizzie:

Sunday we drove  
to Bl. and spent a pleasant  
day. I thought you and Ros-  
coe would like to hear di-  
rect from Bro. Jones and  
from one who has not  
seen him since the  
first of his illness. I thought  
he looked decidedly improv-  
ed in appearance - not so  
nervous and less tension in  
his face and side. He appear-  
ed slightly weaker if any  
change but lying in bed  
would account for that

They were distressed and dis-  
turbed to see your mother in  
such a high strung nervous  
condition; Dick talks about  
it all the time - I do hope  
with quiet and rest she may  
improve. We were expecting  
to bring her home with us for  
a brief visit - but found it  
not expedient - or wise to do so.  
Nabel and her family seem up-  
set by L's depression &c -  
Mr. H. said they might drive  
to see us next Sunday as they  
would have no services at the  
Pres. Ch. - Hope they will come.  
We see each other so seldom;  
The Caldwell's have gone to Detroit to see  
Dancy and Beverly - Dr. C. was not so  
well after his return home from  
the hospital. Sorry to see us -  
off. Much love.
